

CRS Egypt

Volunteer SOW

Background

Catholic Relief Services (CRS) works in a wide variety of areas within the humanitarian and development fields, regardless of race, creed, religion, or gender, to advance our mission to assist the poor and vulnerable. Our team reflects this diversity. The CRS Egypt country program began in 1956 at the invitation of Egyptian president Nasser by providing relief assistance to the victims of the Suez War. Over the following few decades, CRS Egypt moved from large-scale food relief to long-term poverty alleviation and development programs.

Currently, CRS Egypt programs in these main areas: education, livelihoods, social cohesion, and emergency response. CRS focuses on safeguarding and working with local partners across its portfolio. Projects under these programs range from providing technical assistance and capacity building to partners; promoting cohesion and tolerance among different groups; offering educational grants and education services for refugees; advancing child protection and safeguarding; and delivering technical support, start-up funding, and vocational training for refugees and vulnerable Egyptian entrepreneurs.
